

You're sightseeing and
your return bus has already left!
And there's no taxi stand!
You don't know the phone number
of a taxi company!
What should you do?
Is there a panel like this near you?

Touch the panel
to access
a dedicated taxi
dispatch browser!
You can call
a taxi right there.

You can find the panel spot
where you can call a
Touch DE Taxi using the QR code.

You can check the spot
on Google Maps.

For more information
about Touch DE Taxi,
please visit the Semboku City
DX Promotion Lab website!

You can view information
on various DX initiatives being promoted
by Semboku City.

Just touch the panel
with your smartphone
to call a taxi.

Touch DE Taxi is a service that allows you to request a taxi from a taxi company simply by touching your smartphone.

After touching the NFC tag to the passenger's smartphone, they enter their destination and the number of passengers on the WebUI screen.

The screen will say "Confirming dispatch, please wait."

The order number, ride details, and estimated arrival time will be displayed on the screen, and the driver will head to your location.
